

YOUR MAILBOX HAS BEEN SWAMPED BY THE LOBBYIST CANDIDATE

You've been inundated with repetitive talking points. Now meet the voters' candidate, Republican Karmin Grider's informative mail campaign.

GRIDER**
REPUBLICAN

IT'S TIME TO END THE GAME AND DO THINGS AS INTENDED

While the lobbyist-funded candidate, Collin Duel, has been swamping mailboxes, the voters' candidate has been hard at work making hundreds door-to-door visits since last fall spreading the good news: a new generation of Republican candidates is rising—one that refuses to play the legalized corruption game and is committed to serving as our founders intended. On **June 16th**, vote for **Republican Karmin Grider** for State Representative to put House District 31 back in order where the people are in charge and NOT the lobbyists.

OKLAHOMA WATCH | APRIL 24, 2026

“There's only one way to win the fight for smaller government: elect those who are turning down the lobbyist money. In House District 31, that candidate is Karmin Grider.”

STATE HOUSE
**KARMIN
GRIDER**
REPUBLICAN

Karmin Grider has been going door to door, working for the job the right way—showing voters her homework and informing them about how their current employee has taken **tens of thousands** from **special interests**, and **spent over \$3,600 per mailer, time and again**, telling voters he is **loyal to their values**. But his record tells a very different story. Karmin has published an extensive list of these values-betraying votes so voters can review the evidence for themselves and hire someone new—someone who will turn down this money and stay true to our values.

★ THREE EXAMPLES FROM THE RECORD ★

1 ALLOWING ALIENS TO ARREST CITIZENS

— HB 1190-25 —

Collin Duel voted "no" on a bill to prohibit aliens from being certified as police officers — siding with a blue-state, virtue-signaling trend that allows non-citizens to wear the badge and exercise the power of the state over American citizens.

2 ALLOWING GOVERNMENT TO STEAL PRIVATE PROPERTY

— HB 2147-25 —

Duel voted to give city governments the power to foreclose on private property over fines. It sets a dangerous new precedent: greedy local governments can now use code enforcement as a path to taking property.

3 HIDING THE COST OF ILLEGAL ALIENS

— SJR22-FA1-25 —

When the Board of Education asked for the authority to expose the cost of illegal aliens, Collin Duel voted to stop them and keep the numbers hidden. HD31 taxpayers may never know how much money is being shifted away from local schools and into inner-city districts that are being taken over.
