

COLLIN DUEL VOTED TO LET CITIES SEIZE PRIVATE PROPERTY

As New York's **Zohran Mamdani** threatens confiscatory action against privately owned land, Oklahomans should understand that HB 2147 moved Oklahoma in a dangerous direction. For many years, cities could place liens on property—but **they could not take ownership of it through foreclosure.** HB 2147 changed that longstanding protection, and **Collin Duel** voted for the change.

HB 2147

empowered local governments to use code enforcement, liens, and foreclosure against property owners.

BEFORE: Cities could file liens.

AFTER HB 2147: Foreclosure and property transfer became possible.

**PRIVATE PROPERTY
IS A GOD-GIVEN RIGHT —
AND KARMIN GRIDER WILL DEFEND IT.**

Even Kevin Stitt saw the danger in this bill.

“Minor code violations can now result in property liens against Oklahomans. This enables expanded condemnation and public takings without providing **property owners adequate due process protections.**”

—from Gov. Kevin Stitt's veto message

STITT VETOED IT. DUEL HELPED PUT IT OVER THE TOP.

HB 2147 became law by just a three-vote margin. That shows how important it is to flip this seat. Bad votes like this are passing by the thinnest of margins — and every vote counts.

HB 2147: ONE EXAMPLE OF MANY

HB 2147 is just one example. These betrayals are happening regularly. This bill **broke with years of past Oklahoma tradition**. Cities could place liens on property — but **they could not take ownership of it**. HB 2147 changed that. It created an **unprecedented** new path for cities to use code enforcement, liens, foreclosure, and ownership transfer against property owners. Collin Duel helped override Gov. Stitt's veto and put this bill on the books.

THE DARK MONEY MACHINE

All four of the **state's major dark money groups** have engaged in this race to help Collin Duel.

One anonymous group attacking Karmin listed a **Yukon, Oklahoma Staples store** as its headquarters.

Anonymous attacks. P.O. boxes. Phones that are never answered. This should confirm what voters need to know: Collin Duel is serving **dark money special interests** — not the people.

ONE MORE REASON TO VOTE FOR KARMIN

Karmin never sent a single unsolicited text.

This election is a job application. Hire the candidate with the judgment to respect your privacy, your phone, and your secret ballot. While Collin Duel's campaign kept intruding with spam polls and unsolicited texts, Karmin respected you.

Vote for the candidate with the judgment to respect you.
